## **POWER TO THE KEYS OF THE KINGDOM!!!**

### **April, 2005!**

**Dear One,**

**God bless you! Receive lots of love from all of us here, we pray that your life and home is blessed by our mighty saviors love and protection and that you and you children are well.**

**Yesterday, as we had our praise time, we took the time to praise the Lord for YOU! We picked up your name out of our praise hat and thank the Lord for you and your love for us and the work we do here, We are surely blessed to belong to the greatest family of God's love and we wanted you to know and we wanted the Lord to know, how much we appreciate you and how thankful we are for you!**

**Life is going well for us, The Lord continues to do miracles in the lives of those we are witnessing, yesterday we had a celebration for one of our kids birthday, and 22 of our business friends showed up with 16 kids! It was a sweet spirit filled celebration and a time for our friends to get to know each other and have a little fellowship, and it went super well, Thank the Lord.**

**As you know, we also changed apartments, the Lord supplied new housing with better pricing and more space for holding our weekly bible classes, seminars, activated meetings etc. The Lord also supplied some furniture and we are still waiting for a living room set, please, keep it in your prayers, but we do have beds and a dining room set, and especially the kids room is all well set, The Lord has been good to us, as housing here is always a bit of a problem, but nothing is impossible for the keys!**

**Besides our activated classes, we also have weekly meetings with our volunteers, weekly visits to the orphanages we help, which is all well and good, for the sake of the work, but what really makes life here exciting is the accounts of the people we personally witness.**

**Yesterday at the party, came one of our friends, he has been in South America for two months, and when his wife picked him up, they came straight to see us, he was tired from a long trip, but happy to be with us. He is a Hebrew Russian,**

owner of two TV channels; about half a year ago, he had an accident that lead to an operation of his spine, it was all very serious and we wondered if he would ever walk again. We visited him almost daily and during one of our visits, my daughter Nana (5) led him to the Lord, we gave him a lot of things to read as well. He got healed and has been a very closed friend since then. He is faithful to call and ask for prayers when he needs it and we see him regularly. He also introduces us to a lot of his influential friends and we have made good contacts this way. GBH! He is very precious, please, pray for him and his wife!

Today is office day for me, another team is in the orphanage with the volunteers, the kids are on a walk and excursion to the circus and life goes on! It feels so good to be serving the Lord and have Jesus to give! Like Dad used to say, how you can give Him away as much as you want, and He never runs out,. Ha!

Anyway, I better quit as is getting long and I am sure you are busy. Thanks for your help, we love you and till next month,

Your fellow missionary,
